

## SUPPORTING OUR FAMILIES

Ronald McDonald House Charities® Tampa Bay (RMHC) is the only organization in the bay area to focus its care on the families of pediatric patients. RMHC does more than provide the necessities of home. Studies have shown that by helping families stay together, children and caregivers experience higher quality sleep, are better able to cope with stress and have improved psychological well-being. All of this aids in the recovery process and creates a more positive experience for families, despite the difficult circumstances they are facing.

Your support enables us to care for families like the Steinkes, who have needed our houses during an incredibly stressful time. RMHC provides a “home-away-from-home®” to these families. Since opening our doors in 1980 as the first Ronald McDonald House in the state of Florida, we have comforted and cared for more than 50,000 families.

Please consider adopting a room at Ronald McDonald House to help us provide a safe and comforting environment for families when they need it most. Room adoptions are available in our St. Petersburg (East, West, Central) and Tampa Houses. Each bedroom adoption is \$5,000 for a five-year term, and common areas (kitchen, dining, living and recreation rooms, etc.) are \$10,000 for a five-year term.

## KEEPING FAMILIES CLOSE®

Ryan and Karen Steinke’s second child, Braylon, was born with HLHS (hypoplastic left heart syndrome) in September 2013. Two days after birth he required open-heart surgery, followed by a six-week inpatient stay in the hospital. The Steinkes, along with daughter Caroline, stayed in the St. Petersburg West Ronald McDonald House to be close to Braylon. The following year, Braylon required another open-heart surgery and three-week hospital stay. This time, the family stayed at the St. Pete Central House to be even closer to Braylon’s hospital room.

During the Steinke’s stays at RMHC, they found much-needed support from the staff and other families staying in the houses. It was great comfort to be surrounded by other families in similar circumstances and to be able to share their story with compassionate volunteers.

In 2017, Braylon required another open-heart surgery, this time at a Tampa hospital. Ryan and Karen were unsure if the Tampa Ronald McDonald House would be adequate for this journey, but they chose to sign up at the house for this hospital stay. It ended up being a bigger blessing than what they anticipated because Braylon’s hospital stay was longer and more difficult than expected. The Steinkes found themselves staying for 32 days at RMHC on this visit.

Ryan comments, “We learned just how important RMHC is to our community, and even more, how important this is to the people that they serve. Since our first day at each of the houses we’ve stayed at, we’ve had a wonderfully positive experience and we will always be grateful for everything we were provided.” Braylon has now had a fourth heart surgery and is a healthy, active five-year-old.
